## Holden & Mickey, Inc. Celebrating Its 30th Year

The founding partners of Holden & Mickey, Inc. recently celebrated the company's 30th anniversary. The event was hosted by Carol and Chip Holden and Susan and John Mickey at the Mickey country home. Pictured above are our associates on the way to the celebration. We cannot say enough wonderful words about our dedicated professionals that help us take care of our clients' financial plans and assets.

#### About Us:

\*Holden & Mickey, Inc. designs, implements, and monitors financial plans for high net worth individuals. Our firm has been working with clients in this area since 1930. Holden & Mickey advisors are highly credentialed and multi-generational in their focus on wealth management.

### **The SECURE Act**

Long-established retirement account rules change.

The Setting Every Community Up for Retirement Enhancement (SECURE) Act is now law. With it, comes some of the biggest changes to retirement savings law in recent years. While the new rules don't appear to amount to a massive upheaval, the SECURE Act will require a change in strategy for many Americans. For others, it may reveal new opportunities.

Can you contribute more to your retirement plans this year? Limits on Stretch IRAs. The legislation "modifies" the required minimum distribution rules in regard to defined contribution plans and Individual Retirement Account (IRA) balances upon the death of the account owner. Under the new rules, distributions to non-spouse beneficiaries are generally required to be distributed by the end of the 10th calendar year following the year of the account owner's death.<sup>1</sup>

It's important to highlight that the new rule does not require the non-spouse beneficiary to take withdrawals during the 10-year period. But all the money must be withdrawn by the end of the 10th calendar year following the inheritance.

A surviving spouse of the IRA owner, disabled or chronically ill individuals, individuals who are not more than 10 years younger than the IRA owner, and child of the IRA owner who has not reached the age of majority may have other minimum distribution requirements.

#### Disclosure

► This material was prepared by MarketingPro, Inc., and does not necessarily represent the views of the presenting party, nor their affiliates and should not be construed as investment advice.

Let's say that a person has a hypothetical \$1 million IRA. Under the new law, your non-spouse beneficiary may want to consider taking at least \$100,000 a year for 10 years regardless of their age. For example, say you are leaving your IRA to a 50-year-old child. They must take all the money from the IRA by the time they reach age 61. Prior to the rule change, a 50-year-old child could "stretch" the money over their expected lifetime, or roughly 30 more years.

IRA Contributions and Distributions. Another major change is the removal of the age limit for traditional IRA contributions. Before the SECURE Act, you were required to stop making contributions at age 70½. Now, you can continue to make contributions as long as you meet the earned-income requirement.<sup>2</sup>

continued from page 2

Also, as part of the Act, you are mandated to begin taking required minimum distributions (RMDs) from a traditional IRA at age 72, an increase from the prior 70½. Allowing money to remain in a tax-deferred account for an additional 18 months (before needing to take an RMD) may alter some previous projections of your retirement income.<sup>2</sup>

The SECURE Act's rule change for RMDs only affects Americans turning 70½ in 2020. For these taxpayers, RMDs will become mandatory at age 72. If you meet this criterion, your first RMD won't be necessary until April 1 of the year after you reach 72.<sup>2</sup>

Multiple Employer Retirement Plans for Small Business. In terms of wide-ranging potential, the SECURE Act may offer its biggest change in the realm of multi-employer retirement plans. Previously, multiple employer plans were only open to employers within the same field or sharing some other "common characteristics." Now, small businesses have the opportunity to buy into larger plans alongside other small businesses, without the prior limitations. This opens small businesses to a much wider field of options.<sup>1</sup>

Another big change for small business employer plans comes for part-time employees. Before the SECURE Act, these retirement plans were not offered to employees who worked fewer than 1,000 hours in a year. Now, the door is open for employees who have either worked 1,000 hours in the space of one full year or to those who have worked at least 500 hours per year for three consecutive years.<sup>2</sup>

While the SECURE Act represents some of the most significant changes we have seen to the laws governing financial saving for retirement, it's important to remember that these changes have been anticipated for a while now. If you have questions or concerns, reach out to your trusted financial professional.
